Michigan Medicine Employee Rolling COVID Data

Employees Positive Cases for preceding week (12/10 – 12/26/20)	72
--	----

Employee Positive Cases Last 7 Days	72
Employees Tested Last 7 Days	463
Positivity Rate (Week of 12/27–1/2/21)	15.55%

Testing stats reflect just Michigan Medicine employees, not all University of Michigan employees. It also reflects only those who sought testing at or were hospitalized at Michigan Medicine or reported their testing to Occupational Health Services. Some Michigan Medicine employees may have been tested outside our system.

VACCINES AND BLUE QUEUE

With more than 11,000 vaccines administered, all those at Michigan Medicine with potential for direct or indirect exposure to patients or infectious materials who indicated they wanted to be vaccinated should be vaccinated or scheduled for appointments. If you are not, reach out to BlueQueue@med.umich.edu as soon as possible.

Vaccine statistics and news are distributed daily in the Blue Queue News email. Updated information is available at [Vaccine FAQs website](#).

It remains crucial that everyone must fill out the Blue Queue questionnaire, which asks you to identify:

- whether you want to receive an invitation to schedule the vaccine; **you can also indicate you are not sure or do not want the vaccine**
- general health information needed to help with prioritization of vaccine distribution

The Blue Queue questionnaire can be found here: <https://mmheadlines.org/2020/12/covid-19-vaccine-questionnaire-for-u-m-faculty-staff-and-students-on-all-three-campuses/>

TOWN HALL THIS FRIDAY

Michigan Medicine leaders will host a virtual town hall Friday, Jan. 8 at 2 p.m. to share information about the COVID-19 vaccine and other COVID-19 related topics.

HIT PAUSE: HOPE, INSPIRATION, GRATITUDE

In this spot, we will share stories of hope, inspiration and gratitude. Take a few minutes to pause and reflect:

After recovering from a COVID-19 hospitalization here at Michigan Medicine, Willie Bell organized a drive-through testing drive and community health fair.

“It was a challenging experience and I know I’m a blessed man coming out of all this,” Bell said.
