PARKING & TRANSPORTATION OPTIONS FOR HYBRID WORKPLACE

For employees who may be transitioning to a combination of remote and on-site work in the fall, several options exist for parking and transportation on the main medical campus and remote sites. These include free parking and shuttle services as well as daily parking permits. [Learn more](#) about the various parking and transportation services provided by the university and Michigan Medicine.

OUTDOOR MASKING GUIDELINES

Based on outdoor masking guidance on the U-M campus, masks are not required when outdoors at Michigan Medicine when social distancing of six feet or more can be maintained. While it has been determined there is minimal risk for vaccinated individuals, we still must continue to remain cautious and follow these additional guidelines:

- Outdoor gatherings are still not permitted.
- Those with a compromised immune system should continue to mask even if vaccinated and discuss with their medical provider.
- Masking is still required in the courtyard but may be removed when eating at a distance of at least six feet from others.
- Masks should still be worn in high traffic areas where social distancing is difficult such as bus stops and building entrances.
- **Masks are still required at all times in any Michigan Medicine buildings.**

Please encourage your teams to comply with these requirements and help keep our communities safe. For further information, review [Frequently Asked Questions](#) about outdoor masking guidelines. HIT PAUSE: HOPE, INSPIRATION, GRATITUDE

In this spot, we will share stories of hope, inspiration and gratitude. Take a few minutes to pause and reflect:

Take a moment to pause and celebrate the nurses who have inspired hope and received a [DAISY award](#) over past year. The awards are given out by the DAISY Foundation to nurses who go above and beyond in caring for their patients.
