

Ops Update

For all Michigan Medicine Faculty, Staff and Learners

Wednesday, May 26, 2021, 8:15 a.m.

Please share this information with your teams and front line staff, especially those who may not access emails or computers.

NEW TODAY: Here's the latest information about Michigan Medicine's management of operations:

- **COVID-19 PATIENT STATS**
- **TEAM MEMBER COVID-19 TESTING**
- **VACCINE STATS**
- **VISITOR POLICY UPDATES, EFFECTIVE TODAY**
- **HIT PAUSE: HOPE, INSPIRATION, GRATITUDE**

DAILY COVID-19 PATIENT STATS

Today's census for COVID-19 inpatients and those patients under investigation (PUI) are noted below:

	TOTAL INPATIENTS	TESTED POSITIVE	PUI	ICU POSITIVE
ADULT	28	28	0	11
PEDIATRIC	2	2	0	1

View COVID-19 Dashboard: <https://uhabccappspr1.umhs.med.umich.edu/>

COVID-19 Patient Percent Positivity (7 day moving average), as of 5/24

Symptomatic testing: 4.42 %

Asymptomatic testing: 1.34%

Discharges: 2,633 total COVID-19 discharges to date, 9 in the last 24 hours. These numbers include patients discharged to skilled nursing facilities but excludes deaths and discharges to hospice.

Deaths and hospice: Since March 10, 2020 Michigan Medicine hospitals have had 266 total deaths or discharges to hospice, 0 in the last 24 hours.

TEAM MEMBER COVID-19 TESTING STATS*

POSITIVE	1,948
EMPLOYEES TESTED	15,050
TOTAL TESTS	29,982

**Data from 3/10/20 through 5/25/21. The testing stats reflect just Michigan Medicine employees, not all University of Michigan employees. It also reflects only those who sought testing at or were hospitalized at Michigan Medicine or reported their testing to Occupational Health Services. Some Michigan Medicine employees may have been tested outside our system.*

Michigan Medicine Employee Rolling COVID Data	
Employees Positive Cases for preceding week: 5/9- 5/15/2021	20
Employee Positive Cases Last 7 Days	13
Employees Tested Last 7 Days	159
Positivity Rate (Week of 5/16- 5/22/2021)	8.17%

Testing stats reflect just Michigan Medicine employees, not all University of Michigan employees. It also reflects only those who sought testing at or were hospitalized at Michigan Medicine or reported their testing to Occupational Health Services. Some Michigan Medicine employees may have been tested outside our system.

VACCINE STATS

VISITOR POLICY UPDATES, EFFECTIVE TODAY

Beginning today, May 26 at 7 a.m., updates will be made to the existing visitor policy to make it less restrictive. All other restrictions remain. Please see the [full policy](#) for details.

	NEW POLICY	PREVIOUS POLICY
Adult Inpatients	<p>One single visitor per day is allowed between the hours of 9 a.m. and 9 p.m.</p> <p>*Adult patients with developmental delays/ significant cognitive impairments will be allowed to have one (1) visitor remain bedside around the clock when visitor required for safety and is considered essential to the patient’s care.</p> <p>COVID+/PUI: No visitors allowed except at end of life (EOL)</p>	<p>No visitors unless patient has cognitive or physical impairment that requires assistance.</p> <p>*Adult patients with developmental delays/ significant cognitive impairments will be allowed to have one (1) visitor remain bedside around the clock when visitor required for safety and is considered essential to the patient’s care.</p> <p>Bone Marrow Transplant (Adult) patients (CW 7 West): Patients expected to be hospitalized more than or equal to 3 weeks are allowed 1 (same) visitor who would need to test COVID negative within 96 hours prior to visiting and is allowed to stay in the patient room for the entirety of the patients stay. If the visitor leaves prior to discharge, they cannot return so as to minimize exposure between patient and community.</p> <p>COVID+/PUI: No visitors allowed except at end of life (EOL)</p>

Ambulatory Clinics Including laboratory and radiology sites (Adult patients)	One visitor (16 years old or older) can accompany each <u>adult patient</u> to an appointment, unless an additional aide or assistant is required due to cognitive or physical impairments. If a patient presents with a child or children due to day care/schooling closures, the child(ren) should be roomed with the patient.	No visitors for adult patients unless patient has cognitive or physical impairment that requires assistance.
Adult Emergency Services	May have one single visitor per patient per day. Due to continued waiting room capacity constraints, only medically necessary visitors will be allowed to wait in the waiting room with the patient if an exam room is not open upon completion of triage. All other visitors will be directed to the UH Main Lobby to wait until the patient is in an exam room. COVID+ / PUI: No visitors allowed except for end-of-life care. In this situation the visitor must remain masked in the patient room with limited exceptions for restroom or food breaks.	No visitors unless patient has cognitive or physical impairment that requires assistance. COVID+ / PUI: No visitors allowed except for end-of-life care. In this situation the visitor must remain masked in the patient room with limited exceptions for restroom or food breaks.

Regarding visitor restrictions, the following definition of pediatric patients will be applied in the inpatient and ambulatory settings to facilitate parent/guardian presence for pediatric patients:

- Patients from birth *until* their 21st birthday (age < 21 years)
- Patients followed by a pediatric subspecialty service

Pediatric patients 18 years of age and older, and those who are emancipated minors, may opt to follow adult visitor guidelines rather than pediatric guidelines.

Please share this information with your team and refer to the policy link above for details.

HIT PAUSE: HOPE, INSPIRATION, GRATITUDE

In this spot, we will share stories of hope, inspiration and gratitude. Take a few minutes to pause and reflect:

Take a moment to “paws” and learn about new additions to Michigan Medicine families in this story and photo gallery of [pandemic pets](#).
