

Ops Update

For all Michigan Medicine Faculty, Staff and Learners

Friday, Sept. 10, 2021, 10:25 a.m.

Please share this information with your teams and front line staff, especially those who may not access emails or computers.

Here's the latest information about Michigan Medicine's management of operations:

- **COVID-19 PATIENT STATS**
- **TEAM MEMBER COVID-19 TESTING**
- **VACCINE STATS**
- **LEADERS TO HOST TOWN HALL THIS AFTERNOON**
- **REMINDER: MASK AND EYE PROTECTION POLICY**
- **DO NOT REUSE N-95 RESPIRATORS**
- **UPDATE ON COVID-19 CASES AT UNIVERSITY HOSPITAL**
- **PARKING ON THE MAIN MEDICAL CAMPUS**
- **HOW TO FIND DOCUMENTATION OF YOUR VACCINATION**
- **NEW FLU SHOT CLINICS, ADDITIONAL TIME SLOTS ADDED**
- **HIT PAUSE: HOPE, INSPIRATION, GRATITUDE**

DAILY COVID-19 PATIENT STATS

Today's census for COVID-19 inpatients and those patients under investigation (PUI) are noted below:

	TOTAL INPATIENTS	TESTED POSITIVE	PUI	ICU POSITIVE
ADULT	36	35	1	12
PEDIATRIC	1	1	0	1

View COVID-19 Dashboard: <https://uhabccappspr1.umhs.med.umich.edu/>

COVID-19 Patient Percent Positivity (7 day moving average, as of 9/9)

Symptomatic testing: 7.79%

Asymptomatic testing: 1.44%

Discharges: 2,997 total COVID-19 discharges to date, 7 in the last 24 hours. These numbers include patients discharged to skilled nursing facilities but exclude deaths and discharges to hospice.

TEAM MEMBER COVID-19 TESTING STATS*

POSITIVE	2,255
EMPLOYEES TESTED	16,482
TOTAL TESTS	34,148

* Data from 3/10/20 through 9/9/21. The testing stats reflect just Michigan Medicine employees, not all University of Michigan employees. It also reflects only those who sought testing at or were hospitalized

at Michigan Medicine or reported their testing to Occupational Health Services. Some Michigan Medicine employees may have been tested outside our system.

Michigan Medicine Employee Rolling COVID Data	
Employees Positive Cases for preceding week: 8/22 - 8/28/2021	52
Employee Positive Cases Last 7 Days	78
Employees Tested Last 7 Days	1064
Positivity Rate (Week of 8/28 - 9/3/2021)	7.33%

Testing stats reflect just Michigan Medicine employees, not all University of Michigan employees. It also reflects only those who sought testing at or were hospitalized at Michigan Medicine or reported their testing to Occupational Health Services. Some Michigan Medicine employees may have been tested outside our system.

VACCINE STATS

Find the most timely and up-to-date information on the [Vaccine FAQs](#) and the [Vaccine Dashboard](#).

LEADERS TO HOST TOWN HALL THIS AFTERNOON

Michigan Medicine leaders will host a virtual Town Hall meeting from 2 p.m. until 3 p.m. this afternoon, Sept. 10. Topics will include COVID-19 updates, updates/reminders on the COVID-19 vaccine policy, testing, the Flexible First initiative and a Q&A session.

To attend, please click on the following link:

Password: 657670

REMINDER: MASK AND EYE PROTECTION POLICY

Employee cases of COVID-19 are on the rise, with numerous exposures among health care workers. Please remember to mask at all times. Masks should only be removed in a private office or when eating in a designated area while appropriately distanced from others. [Click here for more on the face covering policy.](#)

Additionally, to avoid exposures to health care workers, eye protection is required for all patient care activities. This means that any time you provide care to a patient or are in a patient room/care space, you must wear eye protection along with your mask. [Please see these FAQs](#) for details.

As a reminder, in accordance with OSHA Emergency Temporary Standards, unvaccinated health care workers that have a high-risk exposure to COVID are required to quarantine for 10 days post exposure. Caring for a patient with COVID-19 with a mask but no eye protection constitutes a high-risk exposure.

DO NOT REUSE N-95 RESPIRATORS

Michigan Medicine continues to receive an adequate supply of PPE. Please do not reuse N-95 respirators — discard them after use.

UPDATE ON COVID-19 CASES AT UNIVERSITY HOSPITAL

A cluster of employees in University Hospital, along with several patients, have tested positive for COVID-19. Additional testing of patients and employees is ongoing. We continue to use extensive

infection prevention interventions to protect our patients and staff from the spread of disease. Unfortunately, COVID-19 is prevalent in the community, and we are seeing infections in both vaccinated and unvaccinated individuals. Our best defense is to increase the number of people vaccinated to minimize further COVID-19 spread.

PARKING ON THE MAIN MEDICAL CAMPUS

As some portions of the workforce consider a return to on-site work in September, please be aware that parking remains a concern in some locations. If you plan to park close to the main medical campus, parking structures Wall Street East, Wall Street West and Palmer Commons have available capacity and should be considered as primary options. Other parking structures close to campus, including Glen and Catherine, are typically filled to capacity early in the day. For other parking and transportation options to support the hybrid workplace model, [click here](#).

HOW TO FIND DOCUMENTATION OF YOUR COVID-19 VACCINATION

Those who received their vaccination through a Michigan Medicine clinic and/or provider can pull their COVID-19 vaccination report from the MyChart patient portal. This is instrumental should you misplace your COVID-19 vaccination card. Instructions are available [here](#).

NEW FLU SHOT CLINICS, ADDITIONAL TIME SLOTS ADDED

Occupational Health Services has added two new flu clinics from 7 a.m. – noon on Sept. 13 and Sept. 15 in the Towsley Dining Room. Also, additional time slots are now available for several drive thru weekend clinics. [Registration is required](#) for these and all flu clinics.

HIT PAUSE: HOPE, INSPIRATION, GRATITUDE

In this spot, we will share stories of hope, inspiration and gratitude.

Gerson and Beverley Geltner have combined for more than 35 visits to Michigan Medicine clinics. And the couple says that it is has become very clear that the organization prioritizes the patient experience.

[Check out their inspiring story](#), in which they detail why they are so grateful for faculty and staff at Michigan Medicine and they provide tips on how to provide an outstanding experience for those you serve every day.

Weekly bulletins and policies are posted on Michigan Medicine Headlines at <https://mmheadlines.org/covid-19-updates/>. Please bookmark this site and refer to it for the most up-to-date information.
