

# Ops Update

For all Michigan Medicine Faculty, Staff and Learners

Tuesday, Oct. 5, 2021, 7:15 a.m.

Please share this information with your teams and front line staff, especially those who may not access emails or computers.

**NEW TODAY:** Here's the latest information about Michigan Medicine's management of operations:

- **COVID-19 PATIENT STATS**
- **TEAM MEMBER COVID-19 TESTING**
- **VACCINE STATS**
- **SOCIAL MEDIA THREAT UPDATE**
- **COVID-19 VACCINE FIRST, SECOND AND PFIZER BOOSTER SHOT AVAILABILITY FOR EMPLOYEES**
- **HIT PAUSE: HOPE, INSPIRATION, GRATITUDE**

## DAILY COVID-19 PATIENT STATS

Today's census for COVID-19 inpatients and those patients under investigation (PUI) are noted below:

	TOTAL INPATIENTS	TESTED POSITIVE	PUI	ICU POSITIVE
ADULT	42	41	1	14
PEDIATRIC	3	3	0	1

View COVID-19 Dashboard: <https://uhabccappspr1.umhs.med.umich.edu/>

COVID-19 Patient Percent Positivity (7 day moving average, as of 10/4)

Symptomatic testing: 7.17%

Asymptomatic testing: 1.41%

**Discharges:** 3,148 total COVID-19 discharges to date, 10 in the last 24 hours. These numbers include patients discharged to skilled nursing facilities but exclude deaths and discharges to hospice.

**Deaths and hospice:** Since March 10, 2020 Michigan Medicine hospitals have had 297 total deaths or discharges to hospice, 0 in the last 24 hours.

## TEAM MEMBER COVID-19 TESTING STATS\*

POSITIVE	2,418
EMPLOYEES TESTED	17,398
TOTAL TESTS	38,910

\* Data from 3/10/20 through 10/1/21. The testing stats reflect just Michigan Medicine employees, not all University of Michigan employees. It also reflects only those who sought testing at or were

*hospitalized at Michigan Medicine or reported their testing to Occupational Health Services. Some Michigan Medicine employees may have been tested outside our system.*

Michigan Medicine Employee Rolling COVID Data	
Employees Positive Cases for preceding week: 9/11 - 9/17/2021	58
Employee Positive Cases Last 7 Days	56
Employees Tested Last 7 Days	1672
Positivity Rate (Week of 9/18- 9/24/2021 )	3.35%

*Testing stats reflect just Michigan Medicine employees, not all University of Michigan employees. It also reflects only those who sought testing at or were hospitalized at Michigan Medicine or reported their testing to Occupational Health Services. Some Michigan Medicine employees may have been tested outside our system.*

### **VACCINE STATS**

Find the most timely and up-to-date information on the [Vaccine FAQs](#) and the [Vaccine Dashboard](#).

### **SOCIAL MEDIA THREAT UPDATE**

This past weekend, the FBI, with the assistance of the University of Michigan Division of Public Safety and Security, identified an individual responsible for posting an online threat against the women of the University of Michigan. Recently, the FBI provided an [update](#) on the joint investigation.

Based on the FBI update, there is no current nor pending threat to the community from the individual responsible for the post. During the interview, agents assessed the individual had neither the means nor the opportunity to carry out the threat.

Threat assessment includes accounting for all information available and the totality of the circumstances such as evaluating an individual's means, opportunities, and influence to cause harm. As always, DPSS will continue to have a visible presence on campus. For more information from the DPSS, [click here](#).

### **COVID-19 VACCINE FIRST, SECOND AND PFIZER BOOSTER SHOT AVAILABILITY FOR EMPLOYEES**

Occupational Health Services is providing ALL COVID-19 vaccinations for Michigan Medicine at Ford Auditorium, including employees who need any shot — first, second, third or booster. OHS will only be administering the Pfizer-BioNTech COVID-19 vaccine and employees must schedule an appointment through the [OHS website](#).

Please note, additional appointments are now available through the end of October. Additional appointments will be added as staffing and vaccine supply become available.

Here are some other options for employees who want the booster vaccine:

- Booster vaccines are available widely in all local pharmacies and health departments. For instance, the Washtenaw County Health Department is offering [expanded clinics](#) in the days and weeks ahead. See our [Finding Vaccines](#) page for tips on how to find a vaccine appointment in your area.
- Michigan Medicine will also open appointments to patients for vaccine booster appointments on Tuesday, Oct. 5, with clinics administering boosters on Tuesday, Oct. 6. You will need an MRN and MyUofMHealth patient portal account to schedule appointments.

More information on booster shots is available on [Headlines](#).

**HIT PAUSE: HOPE, INSPIRATION, GRATITUDE**

*In this spot, we will share stories of hope, inspiration and gratitude. Take a few minutes to pause and reflect.*

Take a moment to read about a tremendous milestone, the [50<sup>th</sup> anniversary](#) of the Neonatal Transport team, which started many years ago with one physician, his station wagon, and a nurse and a respiratory therapist.

Weekly bulletins and policies are posted on Michigan Medicine Headlines at <https://mmheadlines.org/covid-19-updates/>. Please bookmark this site and refer to it for the most up-to-date information.
