### VACCINE STATS

Find the most timely and up-to-date information on the [Vaccine FAQs](#) and the [Vaccine Dashboard](#).

### LEADERS TO HOST VIRTUAL TOWN HALL THIS AFTERNOON

Members of the Michigan Medicine leadership team will host a virtual Town Hall meeting this afternoon at 2 p.m. The team will share COVID-19 updates, along with human resources and nursing updates.

In order to access the meeting:

- **Passcode:** 657670

### UPDATE REGARDING MANDATED VACCINATION FOR BARGAINED-FOR EMPLOYEES

Current regulations issued by Medicare require that all Michigan Medicine employees receive their first vaccination or request an exemption by Jan. 27. Michigan Medicine is expected to begin working with union leaders soon to prepare for complying with the Jan. 27 vaccination deadline.

### ASSISTANCE IN ESCALATING VISITOR RESTRICTION EXCEPTIONS AT UH/CVC

During the two-week pause on allowing visitors in the adult inpatient units, the expectation is that staff/attending teams will conduct initial compassionate conversations about visit limitations — and can make exceptions to the policy for extenuating circumstances by first consulting with local MPLAN teams.

For assistance in escalating a matter regarding a visitor exception at UH/CVC, you can page the CNO/ACNO on call at pager #8001. This pager will be carried on rotation between the UH/CVC CNO and ACNOs.

The most up-to-date visitor restriction policy can be located [here](#).

### COVID-19 BOOSTER SHOT REQUIREMENT, REPORTING AND UPCOMING CLINICS

All Michigan Medicine faculty, non-bargained for staff and learners are required to receive the COVID-19 booster shot by **Friday, Feb. 4** or as soon as you are [eligible](#). Bargained for staff should refer to their
respective collective bargaining agreements and corresponding MOU’s for information on their requirements.

As of Jan. 5, employees will need to self-report their COVID-19 booster vaccine documentation into Wolverine Access via the “Report COVID-19 Booster Information form.” If an employee submitted their booster vaccine information to OHS or received their booster shot at an OHS clinic prior to Jan. 5, they do not need to resubmit documentation in Wolverine Access. Booster vaccination information may not be available in Health Rx and/or the Health Rx supervisor reports until the week of Jan. 24 due to data migration timing. Please do NOT contact OHS if your booster vaccination is not documented until after this time.

**Pop-up COVID-19 vaccination/booster shot clinics** are available on campus. Appointments are walk-in or pre-registration. A U-M employees-only clinic at Ford Auditorium at University Hospital is available now through Jan. 21. Please note, this clinic is by appointment and employees need to register here.

More information is available on [Headlines](#).

**USEFUL RESOURCE TO KNOW: OCCUPATIONAL HEALTH SERVICES WEBSITE**
All Michigan Medicine employees are encouraged to go to the [Occupational Health Services website](#) for information related to reporting COVID-19 symptoms and positive test results, FAQs and other pertinent information about work-related restrictions, etc.

The site is being updated regularly and should be referenced before calling OHS as your questions may often be answered there instead of calling the clinic. Bookmark the [website](#) for future reference.

**HIT PAUSE: HOPE, INSPIRATION, GRATITUDE**
*In this spot, we will share stories of hope, inspiration and gratitude. Take a few minutes to pause and reflect.*

As we dive headfirst into the new year, your colleagues are ready to leave a number of things in the past. Get inspired about how to make 2022 better than 2021 by checking out this Headlines story, where faculty and staff share what's in their “chuck-it bucket.”
